

# THE CALGARY HERALD.

MINING AND RANCHE ADVOCATE AND GENERAL ADVERTISER.

VOLUME 1.

CALGARY, ALBERTA, WEDNESDAY, JANUARY 2, 1884

NUMBER 18

## HOTEL CARDS.

### CALGARY HOUSE, T. H. DUNNE,

This Hotel is replete with all the latest improvements. Recently furnished with new and comfortable beds. Special attention paid to Ladies and Families.

Is the intention of the proprietors to carry on the business of a first-class hotel.

As regards the Cuisine no expense will be spared. The most liberal and domestic style of cooking always on hand.

Temperature drinks in great variety.

The proprietor, being a strict adherent to his motto, and the writer and conductor of his guests, to secure a fair share of patronage.

The hotel is open for visitors.

### Castle Mount Billiard Hall, CALGARY, N.W.T.

CLARK & BEADWIN, PROPRIETORS.  
The Billiard, Table and Bill. The finest billiards of Cigars, and Bill. The finest billiards of Cigars, and Bill.

### ROYAL HOTEL, CALGARY, N.W.T.

The popular house of the town.

### Blacksmith and Carpenter Shop, CALGARY.

All kinds of repairing promptly attended to.

JOHN B. RIVET, Proprietor.

Calgary Blacksmith Shop.

Neat King's Bikes.

HORSESHOEING A SPECIALTY.

JOHN F. MCGUIRE.

### Evans & Pettit, REAL ESTATE AND GENERAL AGENTS, AUCTIONEERS & ACCOUNTANTS. CALGARY.

Agents for

The Union Mutual Life Insurance Co., of Maine, U.S.

## PROFESSIONAL CARDS.

DR. NEVILLE J. LINDSAY,  
PHYSICIAN & SURGEON,  
Office north of F.G. Baker's store, near the railway.

Calgary, N.W.T.

DR. A. HENDERSON,  
Late House Surgeon Montreal General Hospital.

CALGARY.

A. J. STEWART, M.D.,  
A short distance north of Upper House.

PETERSON & PETERSON,  
BARRISTERS, ATTORNEYS, SOLICITORS, NOTARIES,  
CALGARY, N.W.T.

C. W. PETERSON, B.A., A. M. PETERSON, B.A.  
Barristers to the Canadian Pacific Railway Company, made their charge.

A. D. PERKY,  
Barrister, Solicitor, Master Public, Ac.  
Best Estate matters promptly attended to.  
Special Facilities for securing Loans, Patents,  
Oils, Near Hotel Building, Calgary.

J. NICOLSON NEIL,  
Barrister, Attorney-at-Law, Notary Public, Etc.  
Office at Mr. Brown's, E.C.

CALGARY, N.W.T.

E. A. BAYNES, M.A., B.C.L.,

All orders promptly attended to.

GEORGE SQUIBB, PROPRIETOR.

## NEW ADVERTISEMENTS

Calgary Dramatic & Musical

CLUB.

Propose giving a series of Entertainments during

the season, the first will be given at

Wright & Latimer's

Hall,

ON

Wednesday, Jan. 9, '84

Part 1.—The laughable farce, "From Bill O'Connell"

Part 2.—Songs, Sketches, Etc., Etc.

Part 3.—The screaming farce, "Mrs. Green's

second Little Bittern."

Doors open at 7. Commence at 7.30. Admits

at 10c. Seats reserved by letter, 10c. per seat.

Obtainable at Messrs. King & Co., 110, Baker &

Co., and at the Calgary Hotel.

God Save the Queen.

LOCAL NEWS.

We wish our readers a Happy

New Year.

GOOSE HOME.—The car from the west on

Thursday brought down the two men who

were injured at the roadside a fortnight

ago, their injuries have been so at-

tended to as to permit of their being moved

to their homes in Chicago.

RECOVERED.—As a special New Year's

gift to Mr. Thompson, who was injured at

the Bow River Mill some time ago, he

was released from the bonds which have

been confining him to the house, by the

Doctor removing his bandages on the last

day of the year.

ORIGINAL POEM.—We have received an

original poem on the old year, which un-

fortunately want of space prevents pub-

lishing. However, at some future time

we hope for another production from the

same pen.

DUNGLAY.—During the month of De-

cember, the C.P.R. baggage-room has

been broken into three different times, it

would seem that each time, Mr. Dun-

glay was looking for whiskey, and his first

efforts were crowned with success. On his

last visit only two, and some light mer-

chandise rewarded his labors, and Mr.

Dunlay, station-master, desires to state

that he will call around he can have the

"pick" and "jimmy" he left behind him

on his last trip.

ACCIDENT.—At Silver City on Saturday

last, a very serious accident occurred to

one of the men employed by Mr. Lafrance.

While chopping in the woods he inflicted

a gash in the calf of the right leg, ex-

posing the bone throughout the entire length

of the cut, in a horrible manner. Fortunately

the excursion party arrived shortly

after the accident occurred, and the injured

man was attended to by Dr. Henderson,

and preparations were made to have him

immediately removed to the Hospital Car

Mr. John White, the genial member for

East Hastings, is not content with merely

having a share in the mountain, and

then returning protesting that he is thor-

oughly conversant with the entire wants

of the country, but after his return from

the summit and the mineral lands, he

started off almost immediately to inspect

the timber lands away to the north, in

the neighborhood of Rocky Mountain

Houses. Although the trip at this season

of the year is not the most enviable one

that could be imagined, yet under the

"wing" of Donald McLeod, the veteran

practitioner, we have no doubt but we

shall be able to welcome him back in good

health and spirits, in about ten days.

His purpose is to visit the limits of Bears,

Gilmore, Rathburn, Biecker & McMahon

before his return.

CONCERT.

A concert was given on Christmas Eve,

in the new depot, 27th siding, which was

a great success, and creditable to all that

part in it. The programme consisted

of instrumental music, dialogues, songs,

both comic and a sentimental, two hours

being very pleasantly spent by those pre-

sent. It was conducted by Mr. Richard

over, of Love, assisted by Mrs. Richard

Mr. D. Maly, Mr. J. Cohn, Mr. T.

Jeannings, Geo. Schroder, and Carl Jensen.

A dance was given after the concert was

over, and what seemed strange was the

population only afforded six ladies, but as

the dance proceeded the number increased

to ten, but some seemed to get a little

loopy in girls clothes. The proceeds

amounted to \$74, which were contributed

to charitable purposes.

SKATING CARNIVAL.

The carnival opened last Saturday

evening proved fairly successful, but

the severity of the weather prevented

many from going out who would other-

wise have been present, and participated

in the pleasure of the evening. Although

comparatively few in number, the man-

quarades presented a rather pleasing ap-

pearance. The ice was in good condition,

and the rink well lighted by the single

sound of the steel-shod rollers, mingled

with bursts of merriment, could be heard

for a considerable distance. The fol-

lowing is a list of the principal characters

in costume:

Wm. Kerr, Highlander; Wm. Brown,

Southern Soldier; F. Handley, North-

Western Man; R. McNair, Russian Jew;

J. Catigan, Ben Butler; A. Warnecke,

The Belle of the Evening; Alex. Dowe,

Graceland Lady; Tom Spreng, Irish

Washington; S. Ferkand, Clown.

Barvis & Broderick purpose holding

another carnival on Saturday, 12th inst.

which we have no doubt if the weather

proves favorable, will be well attended.

## MINING MATTERS.

KICKING HOME PASS, B.C.

For 280, 1883.

DEAR SIR.—I observe in your paper of

last date, a sale of one-half interest of

Tunnel Mountain Mine, to Arthur Far-

land, for \$2,500. This check read one-

quarter interest from the Wilson & Blay-

ley Carbonate Mine. Recent assay from

the mine gave \$1,700 gold, \$200 in silver.

Tunnel Mountain Mining Co. are now

about to close a sale with a Boston Co.

for another mine carrying gold and silver,

for the sum of \$100,000.

J. S. BINGLEY.

TRIP TO THE SUAMIT.

On Thursday afternoon the train

from the East, brought in Mr. C.

Shields, the Asst. Sup. of the C. P.

R., accompanied by Messrs. J. P. Es-

mond and Mr. Scatford of Medicine

Hat, and Inspector McDonald of the

N. W. M.P. Here they were joined

by Mr. John White, M.P., for East

Hastings, Donald McLeod, of Ed-

monton, Inspector Steele, and Dr.

Henderson, and early on Friday

morning proceeded to the end of the

track in the private car of Mr.

Shields. Short stoppages were made

at the more important stations, en-

route, notably the Divisional End,

27th siding, and Silver City. At

27th siding extensive work is going

on in the construction of Round

House and Station. Silver City pre-

sented a very active appearance,

building going on extensively, and

promising well for a gigantic down

in that locality in the spring when

the unlimited mining resources shall

be developed. At end of track

everything was lively, in spite of the

thermometer showing some 10.2 be-

low zero, and nine inches of snow

having fallen in the day before. The

suburbs of the C. P. R. Con. track

were visited, in which were wintered

some five hundred horses and

mules in excellent condition. The

party left for home shortly after

noon on Saturday, and arrived in

town in sufficient time to partake of

the sumptuous repast which had been

provided by Capt. Stewart, at the

## THE CALGARY HERALD.

ARMOUR & BRADEN  
PUBLISHERS.

CALGARY, ALBERTA.

SUBSCRIPTION, \$3 PER AN-  
NUM, IN ADVANCE.

All kinds of Job Printing promptly and  
neatly executed.

fixed by contract, may be inserted at a special rate  
by arrangement with the publisher.

No contract made for a year period, than  
which, and advertisements of other classes  
not charged this rate.

Advertisements inserted under shorter  
periods.

## CALGARY!

AS A DISTRIBUTING CENTRE.

There is no point in the whole of the  
North West Territories to which so much  
attention has been directed by reason of  
its coming importance, as Calgary. In  
the opening up of the territories, no section  
is more natural and important to the  
people of Canada than that which makes  
Calgary a city to which will be located the  
coming city of the West. It does not re-  
quire one to be of the school of the pro-  
phets to most confidently assert that Cal-  
gary must unambiguously occupy that posi-  
tion. Among the various places of interest  
in the territories, there are none so  
plainly and undeniably stamped with a  
promise of future greatness as Calgary.  
Nature, in the gifts of scenery and land-  
scape, has been lavish to the North West  
Territories, after being withheld in a wayward  
touch of hundreds of miles of mountainous  
prairie, no more reaches the swift run-  
ning Bow, than his waters are gladdened  
by the view of the Bow River Valley.  
westward for over five miles, and north  
and south for half that distance stretches  
the extent of undulating valley in which  
the coming city of the west lies. On all  
sides gently rising slopes and rugged  
bluffs strike the line of vision. Away to  
the west and south, tower upward in bold-  
er grandeur the snow-capped Rockies.  
Traversing the lower side of the Bow and  
the Kananaskis River, with their waters clear  
as crystal and their currents swift and con-  
stant. Nature has not only smiled benignly  
on Calgary in the matter of landscape  
and physical beauty, but has possessed it  
with every natural resource that is re-  
quisite to make a populous and wealthy city.

## AS AN AGRICULTURAL CENTRE.

It rivals any point in the territories. It is  
surrounded on all sides by the best of the  
choicest character for agricultural pur-  
poses. On all sides of the city is not only  
as rich as the soil in the Red River Valley,  
but produces grasses possessing an  
abundance for stock raising, including any  
thing of the kind to the east of it. The  
land running away to the north and south  
is a belt of the most fertile character, and  
is now thickly settled by a class of the  
most substantial farmers and ranchmen in  
the territories. The settlement of this  
large belt alone constitutes Calgary as

## THE DISTRIBUTING POINT.

For the country to the north and south,  
as well as for the mountain country. Calgary  
for this almost illimitable tract of prairie,  
south and western country must necessarily  
become the base of supply for the coast, an  
outlet of the most important character will  
be provided, whereby the production of  
the large tract of country will find, if  
necessary, a European market, Calgary.

## AS A MANUFACTURING POINT.

Most necessarily take the leading place in  
the territories. In the matter of water  
power it cannot be excelled, as before re-  
ferred to, the flow and the Kananaskis River,  
which are possessed of a swift and power-  
ful current, increase the force. The banks  
of the river are so formed as to render the  
utilizing of the water power most feasible  
for manufacturing purposes. In addition  
to this, in close proximity to the largest  
coal fields in the whole Dominion gives it  
a vast importance for such purposes. The  
large deposits of iron ore in the moun-  
tains, the vast quantities of timber to the  
west of us, the manufacture of the im-  
mense quantities of wool that will be pro-  
duced by means of the large stock ranches  
that are about to be started in the vicin-  
ity, must undoubtedly call into requisition  
manufacturing industries of a gigantic  
character. Calgary as a

## COMMERCIAL CENTRE.

must stand the very front, being the  
base of supplies for the vast tract of coun-  
try spoken of, possessing the manufacture.

line facilities just mentioned, and being  
the centre of an immense agricultural dis-  
trict, its commercial importance is most  
apparent. At present, the volume of busi-  
ness transacted for the territory is very  
small, but it is established at other points in the terri-  
tories. Upon the development of the  
mineral resources in the mountains, and  
the permanent settlement of the large ag-  
ricultural belt surrounding it, a commercial  
importance will be attached to it, that  
of itself will at once give it a leading promi-  
nence among the commercial centres of  
the Dominion. Calgary as a

## STOCK MARKET.

at present enjoys a prominence unequalled  
in Canada. The adaptation of the coun-  
try to the south for grazing purposes can-  
not be equalled on the continent. Eng-  
lish, American and Canadian capitalists  
have invested, and are largely investing  
capital in the development of this most  
important industry. These large prizes  
are stocked with cattle and horses of  
the most valuable kind. This coming  
season a large amount of capital is to be  
invested in the establishing of sheep  
ranches. Capitalists whose names are  
prominent in England, America and Can-  
ada, are found among the leading inves-  
tors in the development of these grazing  
tracts that lie so adjacent, the opening up  
of which must necessarily result in the  
further importance of Calgary. Looking  
as Calgary will be in agriculture, manufac-  
turing, commerce and so forth, yet its  
most prominent feature will be its impor-  
tance as a

## GREAT MINING CENTRE.

situated as it is about fifty miles from the  
Rockies, and being the base of supplies  
and the distributing point for the moun-  
tains, it will bear a relative position to our  
territories, as does Denver to Colorado.  
The mineral wealth that abounds in the  
Rockies, and the fact that the territory is  
disputed, Capital every day is being largely  
invested in the development of these  
mines, which we feel safe in saying will  
be producers of more wealth than any  
mining industries now being worked on  
the continent. There exist quite a number  
of interesting points of  
mineral wealth between Calgary and  
Denver.

The world famed Denver, at its birth, had  
not as many favorable circumstances sur-  
rounding it as Calgary. It is situated from  
the same distance as Calgary is from the  
Rockies, but more distant from the base of  
supplies, although the mining camps  
in the mountain gorges of Colorado soon  
sprang into Leadville, Black Hawk and  
Boulder City, yet Denver grew more steady-  
ly, slowly and important. It was the supply  
centre, and remained so for all those  
mountain towns. Thither the business  
leaves of the gold fields, capitalists and  
merchants lived and invested. Calgary  
possesses advantages for a similar state of  
things far in advance of Denver. It has  
the advantage in situation and surround-  
ings. Calgary has much superior advan-  
tages in the close proximity of its coal  
fields, and its unimpeded supply of water  
power. Denver at its inception was look-  
ed upon as only fit for grazing purposes,  
and the inexperienced lifted up their  
heads in four and hence in summer  
frosts and droughts, but today it is look-  
ed upon as a token of fertility, and a  
western city without an equal. Calgary  
in its climate and other physical advan-  
tages exceeds it. The apprehensions ex-  
pressed regarding its climatic disadvan-  
tages will upon its settlement, disappear as  
the vigor of morning before the noon day  
sun, while the enterprise, energy and cap-  
ital of our western men will lay deep and  
broad in Calgary the foundations of a  
western metropolis that shall cause the  
people of the Dominion to point with un-  
told pride to Calgary as the City of the  
West.

## A CORRECTION.

A special dispatch from Ottawa to the  
Winnipeg Times says:  
Ottawa, Dec. 21.—The statements made in the  
Calgary Herald that Cecil Manning, whose right  
discovery have been made, had been pro-  
hibited from leaving the territory, is incorrect.  
Manning leaves, in fact, the right to leave  
with him from the public who may desire to  
proceed to making his business. It is also in-  
correct that it has been said to an English reporter,  
that the Government had no right to take ad-  
vantage of the land laws of the territories.  
In the first place we did not give the  
Government a right, we only said that a re-  
course to that effect would be as a  
natural consequence, the prospectors and  
miners felt justly indignant, and consid-  
ered the above paragraph will reflect credit  
to give expression to their feelings, and  
large and influential meeting of miners  
was held at Silver City, when it was de-  
cided to petition the Government to re-  
vise the mining regulations that the  
prospectors might realize from what they  
considered. The assurance given in  
the above paragraph will not only con-  
fide in mining circles, and in no way  
can the Government make for themselves  
any favor, but it is a leading daily paper  
as a liberal and practical Mining Law.  
When such is carried in the House,  
revision of the recent and wishes of  
these miners will be furtherance will  
will maintain the whole continent.
